

# ALLIES WIN EVERYWHERE, TAKE CHAULNES, 30 VILLAGES, IN DECISIVE BATTLE ON 100-MILE FRONT, VIMY TO SOISSONS Stephens Apparently Victor in Governor Fight

## CANDIDATES ARE BOTH LAYING CLAIM TO THE NOMINATION

Governor Says He's Chosen,  
and Thanks Friends For  
Their Loyal Support

BUT ROLPH SAYS HE'S  
WINNER, 2000 TO 4000

North For Rolph, South For  
Stephens, and Late Returns  
Will Tell the Tale

ELECTION SUMMARY  
LOS ANGELES, Aug. 28. (2:55  
P. M.)—RETURNS FROM 971 CITY  
AND COUNTY PRECINCTS GATH-  
ERED BY THE STEPHENS HEAD-  
QUARTERS THIS AFTERNOON  
SHOW: STEPHENS, 24,647; ROLPH,  
9,239. THESE FIGURES ARE SUFFI-  
CIENT TO OVERCOME THE  
ROLPH LEAD IN THE NORTH AS  
IT NOW STANDS.

With returns from Southern Cali-  
fornia coming in slowly, indications  
were that Governor Stephens and  
Major James Rolph of San Francisco  
would be separated by not more than  
2000 or 3000 votes in the race for the  
Republican nomination for governor.  
Figures gathered by the United  
Press from all parts of the state this  
morning gave Rolph 61,900 and Steph-  
ens 49,579. These figures, how-  
ever, included only a small part of  
the Southern California vote and  
were complete for San Francisco,  
where Rolph's majority was just two  
votes shy of his predicted 20,000 lead.

Rolph was maintaining a slight  
lead in Alameda county.  
Stephens' lead in Southern Califor-  
nia, however, was according to to-  
day's returns, greater than that of  
Rolph in the north. Stephens' head-  
quarters in Los Angeles claimed the  
governor had carried Southern Califor-  
nia by a majority of more than  
35,000, which would more than offset  
the Rolph lead in the north.  
Rolph headquarters in San Fran-  
cisco conceded Los Angeles to Steph-  
ens by 12,000 to 14,000, and claimed  
Rolph will win by 3000 to 4000.  
Rolph was leading Heney for the  
Democratic nomination, owing to his  
heavy Democratic vote in the north  
with Woolwine a poor third.

The Progressive nomination might  
belong to either Heney, Rolph or  
Stephens. Very few Progressive  
votes were cast.

Claims Stephens by 10,000  
SAN FRANCISCO, Aug. 28.—Tom  
Brown, manager for Governor Steph-  
ens here, at noon today claimed the  
governor had carried the Republican  
nomination by 10,000 votes. Brown  
declared this a "conservative esti-  
mate."

Rolph headquarters declared the re-  
sult would be close and estimated that  
Rolph would win by 2000 to 3000.

2300 California Precincts  
SAN FRANCISCO, Aug. 28.—Com-  
plete returns from 2309 precincts out  
of 6303, in California, for the Repub-  
lican nomination for governor give  
Rolph 73,790 and Stephens 66,309.

A majority of the missing precincts  
are in Southern California where Gov-  
ernor Stephens' strength is the great-  
est.

Stephens' Way in Lead Here  
LOS ANGELES, Aug. 28.—Stephens  
headquarters declared he had carried  
Southern California by between 35,000  
and 45,000, and had carried Los An-  
geles county by 22,000.

Seven hundred twenty-nine com-  
plete Southern California precincts  
gave Stephens 21,169 and Rolph  
10,101.

Stephens Issues Statement  
LOS ANGELES, Aug. 28.—At 1  
o'clock Governor Stephens gave out a  
statement declaring he had been  
"chosen by the Republican voters of  
California to be their candidate for  
governor in November," and declar-  
ing his vote was "a matter of great  
satisfaction." He thanked his friends  
for their support and expressed the  
belief that other Republican candi-  
dates would get behind him at the  
November election.

159 Sacramento Precincts  
SACRAMENTO, Aug. 28.—Sixty-five  
complete precincts out of 159 for Sacra-  
mento city and county gave:  
Republican—Rolph, 3933; Stephens,  
2106; Fickert, 120.

Democratic—Rolph, 3933; Heney,  
120.

(CONTINUED ON PAGE FIVE)

## JEROME, BACKS, JOPLIN ELECTED, CORONER STILL DOUBT, MITCHELL WINS

Jackson Had Lead of 800  
Over Jernigan, Also Nom-  
inated For Sheriff

By yesterday's election contests  
in Orange County one county of-  
ficer, Supervisor Jasper Leck,  
running for election was defeated,  
and there is a possibility that one  
other, T. A. Winbiger, coroner  
and public administrator, has also  
been defeated.

County Auditor W. C. Jerome and  
County Treasurer J. C. Joplin are re-  
elected with overwhelming majori-  
ties; County School Superintendent  
R. P. Mitchell is re-elected with a  
safe majority; Justice Cox got more  
votes than both his opponents, and is  
re-elected.

With a substantial lead of over 800  
votes, Sheriff Jackson leads in the  
four-cornered fight for sheriff. He  
and Sam Jernigan were nominated.  
There being no one getting a majori-  
ty of votes cast on the office, the  
sheriff and Sam Jernigan will fight it  
out for victory in the November elec-  
tion.

Three men are nominated for con-  
stable of Santa Ana, and that con-  
test will go on to November for de-  
cision. Carter is in the lead.

Some Reports Out  
Owing to the failure of seven elec-  
tion boards to understand how unof-  
ficial election return sheets should be  
made out, it will be impossible to de-  
termine how those seven precincts  
stand on county officers until the vote  
is canvassed next Thursday. Where  
the return sheets showed blanks for  
totals on county officers, these seven  
boards made returns for the vote cast  
by non-stated voters only, mistaking  
the word "non-partisan" for non-  
stated.

Wait For Canvass  
The total given in the adjoining col-  
umn are complete for Santa Ana town-  
ship excepting one precinct.

They are complete excepting twelve  
precincts on state offices and ten pre-  
cincts on county offices. Los Alamitos,  
Seal Beach and Fullerton 5 were  
not in when these totals were made.  
Placentia 1 and 2, an Anaheim pre-  
cinct, two in Santa Ana, Buena Park  
and Olinda are the precincts out by  
reason of no tabulation being made as  
the sheets called for. Their returns  
will be made known Thursday. It is  
not likely that they will make any  
difference in the result excepting pos-  
sible changes in the Brown-Winbiger  
contest.

Dry Men Winners  
Among the Republicans two dry  
men, Stephens for governor and  
Young for lieutenant-governor, got big  
totals in this county.

Gov. Stephens got more than dou-  
ble the number of votes cast for all  
of the Republican candidates for the  
nomination. Orange county gave him  
a lead of about 2800 over Rolph,  
which lead will help materially in the  
state results.

Kettner Gets It  
The result of yesterday's primaries  
gives William Kettner, of San Diego,  
re-election as congressman. With a  
lead in Riverside county of 300 over  
Mrs. Stella B. Irvine of Riverside, and  
a lead of 200 in Orange county, and  
good leads elsewhere, with a big lead  
in San Diego, Kettner gets the Re-  
publican nomination.

Each Gets Big Vote  
In the contested county offices, the  
biggest vote was accorded W. C.  
Jerome for County Auditor. He de-  
feated J. H. Whitaker of Anaheim  
more than two to one. Deputy County  
Clerk J. M. Backs is elected clerk  
with around 2200 votes to spare,  
while J. C. Joplin, in one of the bit-  
terest contests of the campaign, has  
about 1900 more votes than he need-  
ed to beat C. D. Lester.

Township Affairs  
In the county there were a number  
of lusty scraps on for township offices.  
At Orange Samuel Armer was easily  
elected justice and C. W. Riggle con-  
stable.

Smith of Tustin defeated Justice  
McCharles by a vote of 262 to 198,  
and John Daneri of San Juan Capis-  
trano was re-elected, 139 to 73, against  
John Landell. Justice Callaway of  
Buena Park held the job against Dr.  
Hasson by 41 to 35. G. W. Jubb de-  
feated Walter Brooks for constable at  
Laguna Beach, 68 to 25.

PAGE REACHES LONDON  
LONDON, Aug. 28.—Thomas Nelson  
Page, ambassador to Italy, has arrived  
from Rome. It is strongly rumored  
he will succeed Walter Hines Page,  
who has resigned as ambassador to  
Great Britain.

## LECK IS DEFEATED BY WASSUM FOR SUPERVISOR

Vote: 656 to 541; Talbert  
Defeats Geo. W. Moore; N.  
T. Edwards Unopposed

By yesterday's primaries, Howard  
A. Wassum of Tustin defeated Super-  
visor Jasper Leck for supervisor for  
the fifth district.

Supervisor T. B. Talbert of Hunt-  
ington Beach was re-elected super-  
visor of the second district.

The vote in the second district was:  
Talbert, 1025; George W. Moore of  
Wintersburg, 844.

The vote in the fifth district was:  
Leck, 541; Wassum, 656.

The defeat of Leck was, to many,  
one of the surprises of the election.  
The Wassum forces evidently made a  
quiet campaign. Another surprise of  
equal proportions was the big vote  
that Talbert got over Moore, who,  
with his friends, had made a cam-  
paign. Monday night Talbert admit-  
ted that things did not look as bright  
as he would like. However, the out-  
come showed that he was stronger  
than had been expected by either him  
and his friends or by his opponent  
and his friends.

The tables showing the vote by  
(CONTINUED ON PAGE FIVE)

## NATION DRY BILL HAS RIGHT OF WAY TODAY IN THE SENATE

Indications Are That July 1,  
1919, Will Be Date Fixed  
For National Drought

BY L. C. MARTIN  
(United Press Staff Correspondent)  
WASHINGTON, Aug. 28.—Senate  
dryers who favor immediate prohibition  
of intoxicants in the United States  
today called to their aid treasury de-  
partment officials to prove no great  
financial loss would result.

Armed with a great mass of figures  
they plan to tell the senate that the  
claim that scores of banks will be  
forced to the wall unless liquor inter-  
ests and banks which hold their paper  
are given ten months or a year to  
settle their affairs is "hosh." They  
already have quoted a high official of  
the department as saying that six  
months would be ample time to let  
all the banks which have loaned  
money to the liquor interests get out  
from under. But in spite of the radical  
dryers' determination to fight for  
immediate drought the belief grows  
that July 1, 1919, will be the date  
fixed.

The whole question probably will  
be settled one way or the other this  
week.

Prohibition has the right of way,  
undisputed.

Wets are prepared to forestall the  
efforts of Senator Sheppard, dry lead-  
er, to open the discussion today. The  
day has been set aside for eulogies  
on the late Senator Newland. Pre-  
ceding that, however, between noon  
and 2 p. m. the regular routine busi-  
ness of the senate is in order. Shep-  
pard wants to set this aside to take  
up prohibition. Wets will insist on  
the regular business. They have  
seen to it that there will be plenty  
of such business.

But under an agreement the prohibi-  
tion question comes up Thursday at  
the latest and must be kept before the  
senate until finally voted on.

## GOMPERS ARRIVED IN LONDON THIS MORNING

LONDON, Aug. 28.—Samuel Gom-  
pers, president of the American Fed-  
eration of Labor, arrived in London  
today. It was announced several  
days ago in New York that Gompers  
was going to Europe in an effort to  
unify European labor and socialist  
elements behind President Wilson's  
stated war aims.

GIVE HAIR TO RED CROSS  
LONG BEACH, Aug. 28.—Among  
the unique donations to the Red Cross  
was the gift made by Miss Ina Stone  
and Mrs. Frank Reed of this city,  
when they had most of their hair  
shorn from their heads, sold it and  
gave the proceeds to the "Greatest  
Mother." Both women were unable to  
donate money to this worthy cause as  
they receive just enough money to  
live on.

W. S. S.

## ALLEGING FRAUD, SUIT ASKS FOR ACCOUNTING OF \$24,000,000 IN OIL FROM \$75,000,000 PROPERTY

In the biggest suit ever filed in  
Southern California, Mrs. Maria  
Bastanchury of Fullerton today  
asked an accounting by the Mur-  
phy Oil company of twenty-four  
million dollars' worth of oil which  
it is estimated has been taken  
from the 2200-acre Murphy tract  
during the last several years. The  
Murphy tract lies almost entirely  
within the city limits of Fullerton  
to the northwest and is held to be  
valued at \$75,000,000. The suit  
was filed in Los Angeles by At-  
torneys Hunsacker and Britt for  
Mrs. Bastanchury this afternoon  
at 3 o'clock.

The suit filed today is based  
upon alleged fraud in the pur-  
chase of the 2200-acre tract from  
the Bastanchury interests sixteen  
or eighteen years ago by S. J.  
Murphy, now of the Murphy Oil

## THREE DEAD, 30 WOUNDED, TOLL OF BORDER BATTLE

American Patrols Reinforced  
Today; More Than 100  
Mexs Believed Killed

PHOENIX, Ariz., Aug. 28.—With-  
drawal of all Americans and Mexican  
troops from the actual boundary line  
and the establishing of a neutral zone  
on the border was agreed upon at a  
meeting between American army of-  
ficers and Mexican leaders at Nogales  
today, according to a telephone mes-  
sage from Nogales at noon.

The truce agreed upon after the  
Americans occupied Nogales, Sonora,  
last night was made permanent by the  
conference.

WASHINGTON, Aug. 28.—Addi-  
tional Mexican troops are reported going  
into Nogales and American cavalry  
and machine guns have been ordered  
up to prepare for any repetition of last  
night's outbreak on the border. War  
Department reports showed today.

Major General Holbrook, command-  
er of the southern department and in  
charge of the border situation, has or-  
dered up two troops of the Tenth cav-  
alry, together with machine guns, it  
was stated.

According to the latest War Depart-  
ment reports, filed from Nogales at  
10 o'clock last night, all firing across  
the border had ceased at that time.  
These reports showed one American  
officer and two men had been killed  
and two officers and thirteen men  
wounded in the outbreak.

WASHINGTON, Aug. 28.—The  
American patrol at Nogales on the  
Arizona-Mexican border stands re-  
inforced today, ready to meet any re-  
petition of yesterday's brush with  
Mexicans.

Officials here were inclined to re-  
gard the incident as of comparatively  
little importance except that it was  
the first outbreak of any size along  
the border in a long time. The bor-  
der is strongly patrolled at all essen-  
tial points and there is no apprehen-  
sion as to the extension of the in-  
cident. American troops, it was as-  
sured, can cope thoroughly with any  
raiders.

The War Department this forenoon  
received a full report of the engage-  
ment but declared there were reasons  
for not making it public until later in  
the day.

NOGALES, Ariz., Aug. 28.—Three  
soldiers dead, 28 wounded and two  
civilians in Nogales, Ariz., wounded,  
was the toll of Americans in last  
night's battle with Mexican bandits  
at the border opposite here.

This morning the American and  
Mexican commanders opened a parley  
at 8 o'clock which is expected to de-  
cide future events. Hostilities ended  
last night under agreement by which  
the Americans evacuated the town of  
Nogales, Sonora, which they  
When 7 o'clock arrived the Mexi-  
cans were not belligerent and ar-

W. S. S.

## FRENCH GO 7 MILES SINCE YESTERDAY IN BIGGEST GAIN OF WAR

Three British and Three French Armies Engaged; British  
Take Foucaourt, and Clear Out Trone Wood; Are  
Now Three Miles Beyond Old Hindenburg Line on the  
Scarpe on Front of 9 Miles; Poilus' Great Gain Was  
Made on Front of 25 Miles Between Somme and Aisne;  
Now at Nesle.

(Undated War Lead by United Press.)  
One of the decisive battles of history was being fought today over a front  
of nearly 100 miles extending from the vicinity of the famous Vimy ridge  
southward to the regions of Soissons. Three British and three French armies  
were engaged, their lines joining south of the Somme.

In continuous fighting the French since yesterday had made one of the  
greatest advances of the war and this morning were within a mile and a half  
of the Somme at Fricourt. They progressed a maximum of more than seven  
miles on a front of 25 miles between the Somme and the Oise, taking thirty  
villages.

After capturing Chaumes, which had stood the combined assault of Brit-  
ish and French troops for weeks—although prematurely reported by a press  
association to have been captured in papers of Sunday, August 11—French  
troops pressed on five miles and reached the great railway center of Nesle.  
This advance also brought them within six miles of Peronne.

The British yesterday took the strongly defended town of Foucaourt,  
south of the Somme, which had held up the allied advance over a wide front  
in that region. They also cleared out Trone wood, north of the Somme.

Along the Scarpe the British advanced to the outskirts of three villages  
that are three miles beyond the old Hindenburg line. In that sector this de-  
fensive line has been passed on a front of approximately nine miles.

No special activity was reported last night or this morning between the  
Oise and the Aisne.

In reaching Licourt the French have crossed more than half the original  
Picardy salient at its deepest point, between Castel, on the Avre, and St.  
Quentin on the Somme.

The distance between these two towns is about 35 miles. Licourt is 20  
miles east of Castel.

An advance on a four-mile front on the western edge of the Flanders  
salient was reported.

Arrangements for the parley an hour  
later were made.

In the meantime General Cabrel  
arrived from Fort Huachuata. Mex-  
ican federal troops were en route to  
the border from the interior of Mex-  
ico to assist in restoring order.

During the fighting, Lieutenant  
Colonel Hermann, commanding the  
troops at Nogales, was severely  
wounded in the side. He went to the  
hospital, the Mexicans promising  
not to fire before 7 o'clock this morn-  
ing.

With the city occupied, the Mexi-  
cans offered to declare a truce under  
which hostilities were ended.

This morning quiet reigns.  
The American dead are:  
Captain J. D. Hungerford, Tenth  
Cavalry.

Corporal Barney Lots, Company D,  
35th Infantry.

Private W. K. Klint, 35th Infantry.  
Mexican casualties could not be es-  
tablished, but indications were that  
close to 100 were dead and maybe  
twice that number wounded.

The fighting started late yesterday  
when an American sentry halted a  
party of Mexicans, said to include  
customs officials, whom he suspected  
of attempting to smuggle a country-  
man across the border. The Mexicans  
opened fire, American troops return-  
ed the fire and soon a shower of bul-  
lets was raining on both sides of the  
border.

In feeling between Mexican and  
American customs guards, it was de-  
clared here, has existed for days as  
a result of strict enforcement of pas-  
port regulations by both Americans  
and Mexicans.

W. S. S.

## FINNISH PAPERS SAY BRITISH ARE GUILTY

COPENHAGEN, Aug. 28.—Finnish  
newspapers received here today declare  
the mysterious airplane which recent-  
ly attacked Kuribay was British.  
They demand that the Finnish govern-  
ment request an explanation from the  
British. Investigations are proceed-  
ing.

W. S. S.

## SPY SENTENCED TO DEATH IN FRANCE

PARIS, Aug. 28.—Mannuel Menadon  
of Madrid today was sentenced to  
death by a military court for attempt-  
ing to inform the enemy of the arrival  
of American troops and location of  
their camps.

## BRITISH TAKE STRONG ENEMY POSITIONS

LONDON, Aug. 28.—British troops  
captured the strongly defended town  
of Foucaourt yesterday, which had  
been holding up the advance south of  
the Somme. Field Marshal Haig an-  
nounced today.

Trones wood, another strong point  
(CONTINUED ON PAGE TWO)

## YANKS IN SHARP CLASHES TODAY WITH BOCHES ON VESLE

Fighting Started at 5:40 and Lasted All Day; Airplanes in Air Battles

WITH THE AMERICAN ARMY IN FRANCE, Aug. 28.—The Americans in a local attack extended their line on the Vesle river today.

PARIS, Aug. 28. (4:58 p. m.)—American troops are reported to be participating in the great Picardy battle.

General Mangin's army, with Americans co-operating, is attacking between Soissons and Chavigny, according to battlefield dispatches received here at noon today.

BY FRED S. FERGUSON (United Press Staff Correspondent) WITH THE AMERICAN ARMIES IN FRANCE, Aug. 28.—Americans and Germans engaged in sharp infantry fighting and violent artillery battles throughout today from the region of Bazoches to a considerable distance east of Fismes, a front of about five miles. Both Americans and boches attacked and counter attacked repeatedly. The Americans advanced their lines in the region of Bazoches and fierce street fighting resulted in the outskirts of the town. At the same time the boches attacked Fismette but were entirely repulsed.

Later the Americans were involved in a fight in Bois du Diable and succeeded in rectifying their line.

Although comparatively small numbers were engaged in this fighting, it was very bitter and the boches showed reluctance to give up any ground. They sent reinforcements pell-mell down the side of a hill north of the Vesle in plain view of our artillery and machine gun observers. A heavy fire was poured into the boche reinforcements, which were broken up with heavy losses before they reached the main line.

Meanwhile in the fighting around Bazoches the Americans rushed and smashed several machine gun nests. Boche and Allied airplanes waged a vigorous fight immediately overhead as the enemy airmen sought to elude their aerial opponents and attack the American infantry with machine guns from a low altitude. The fighting broke out everywhere at 5:40 in the morning and continued all day. At Fismes the Germans tried to work their way into the town, spraying liquid fire toward the doughboys but with little success.

The first rush forced the Americans to withdraw somewhat. One officer and twenty-five men held a bridge crossing the Vesle while the others sought cover. All attempts of the Germans to reach the river were beaten off. As fast as a boche appeared near the bridge he was cut down by rifle and machine gun fire.

The attack on Fismette was made by two parties, one from the northeast and one from the northwest. It was designed to force the Americans back from a small, sharp salient which enabled our machine gunners to sweep the enemy lines to the east and west.

Our airplanes were also busy in the vicinity of Fismette, bombing the German infantry heavily, while our infantry was attacking Bazoches. The latter village was smashed and nearly leveled by American artillery.

W. S. S.— CALIFORNIAN KILLED OTTAWA, Aug. 28.—The following American is in the latest Canadian casualty list: Killed in action—K. B. Wall, Berkeley, Cal.

## GASSED, ORANGE MAN WRITES TO HIS MOTHER

When He Wrote, Wallace Expected to Be Back at Front By Now

Low Wallace of Orange, reported in the casualty list as wounded, by now may be back with his company and ready for another attack on the Huns.

This morning his mother at Orange received a letter from him. The letter stated that Wallace was gassed on Aug. 1 in an assault of the Germans upon the Pershing Guards. The letter from Wallace stated that on that day, Aug. 4, he was feeling much better, that his progress had been rapid and that he would soon be well. He said that more than likely he would be back with his company by the time the letter reached his mother.

Wallace left here in the draft last September. He is a brother of Jack Wallace of the Chandler & Wallace Music Co. of Santa Ana.

W. S. S.— PENCIL SHARPENER IS A HANDY THING

WILLOWS, Cal., Aug. 28.—It is customary in all country towns, where there are telephones, to have cranks on the side of the phone by which one calls the central.

A Willows drug store proprietor has a pencil sharpener attached to the top of his telephone. For several months past he has been having a lot of trouble with the thing, and considering the use he gives it, he figured there was something wrong.

By careful watching he finally found that visiting farmers, whenever they used his phone, always gave the pencil sharpener several twists, and if the operator didn't answer in a hurry, they'd twist the handle some more.

There is one Willows drug store minus a pencil sharpener now.

W. S. S.— WOMEN WANT TO RUN ALL ALPINE COUNTY

MARKLEVILLE, Cal., Aug. 28.—Alpine county, the smallest county in California, will be entirely in the hands of women after January 1, according to the present outlook. With a single exception, the Sheriff's position, all county offices are being contested by women.

## FRENCH ADVANCE 7 MILES SINCE TUESDAY, TAKE 30 VILLAGES

(CONTINUED FROM PAGE ONE)

north of the Somme, was also taken. Troops of the British First army have made further advances south of the Scarpe, reached Remy, three miles beyond the Hindenburg line.

"In Flanders the British advanced on a four-mile front astride the Nout-Berquin Estaires road, taking a number of prisoners.

"Yesterday our troops south of the Somme took Foucaucourt, which the enemy had held strongly with machine guns," the statement said. "North of the Somme we attacked and captured the greater part of Trones wood, taking a number of prisoners from a Prussian guard division.

"South of the Scarpe troops of the First army have improved their positions astride the Arras-Cambrai road and have reached the outskirts of Haucourt (eight miles south of Arras), Remy (half a mile north of Haucourt) and Boiry-Notre Dame (a mile and a half north of Remy).

"North of the Scarpe strong hostile counter attacks were launched yesterday afternoon along the line of the Arras-Donai railway, forcing our advanced troops back a few hundred yards to the old German trenches in Grecland hill, where the enemy attack broke down under our fire.

"British troops carried out a successful local operation yesterday astride the Nout-Berquin road, advancing our line on a front of about four miles and taking a number of prisoners."

GERMANS THROWN IN BIG RESERVE FORCE

BY LOWELL MELLETT (United Press Staff Correspondent) WITH THE BRITISH ARMIES IN FRANCE, Aug. 28.—The Germans in their desperate efforts to stay the British advance, are strongly increasing their front line forces by recklessly drawing on Rupprecht's reserves.

Several divisions of fresh troops are reported to have been thrown into the battle south of Bapaume.

There was less fighting on most parts of the battle front this morning with the British utilizing the hard rains to draw the first long breath in many days, while still holding their gains.

FRENCH FIGHT FORWARD AGAINST STRONG RESISTANCE

BY WEBB MILLER (United Press Staff Correspondent) PARIS, Aug. 28.—(10 a. m.)—The French are fighting their way forward this morning on the whole Chaulnes-Noyon pocket against strong rear guard resistance. French troops last night were in the edges of Chaulnes. They are several miles past Noyon, and already have passed Roisils (four miles south-east of Noyon).

They are also pushing along the roads toward the great railway center of Nesle (ten miles northeast of Noyon) and Ercheu (six miles east of Noyon) and are less than four miles from Nesle.

The Germans are in full retreat but are fighting. Indications are they will try to turn at Nesle to cover the passage across the Somme.

Hundreds of additional prisoners are being taken almost hourly.

W. S. S.— 'AIRPLANE NECK' IS EPIDEMIC AT STOCKTON

STOCKTON, Aug. 28.—There is a peculiar contagion spreading through Stockton.

After much deliberation and discussion, doctors and everyone else have decided to call it the "airplane neck." This disease is found generally around aviation camps, and attacks people of all ages of life.

A person attacked is generally dropped by his friends, because the angle at which he carries his head often causes him to pass them by unnoticed on the streets.

Those with double chins are more likely to become attacked than those without the accoutrements of necks, because of their ability to bring the chin to the level of the eyes.

And it's all because of the acquisition of an airplane camp, which necessitates aviators flying over and above the city.

W. S. S.— SUPPLY OF WATER IS CURTAILED, ALAMEDA

ALAMEDA, Aug. 28.—Is Alameda to rival the Sahara desert?

Citizens of this city, as well as all the other cities of the East Bay section, are wondering what is to become of their beautiful lawns, abundant flower beds and prolific war gardens, as the result of the order issued by the railroad commission curtailing the supply of water.

Two baths a week have been recommended as a means of saving the water supply, which to some doesn't seem a saving. Besides the curtailing of the fluid, a higher rate has been fixed to it.

You can't convince Alamedans that the prohibitionists haven't got a hand in it some way or other, as it seems to be a real bone-dry measure to them.

W. S. S.— WANTS TO ANNUL HER MARRIAGE TO A JAP

LOS ANGELES, Aug. 28.—Is marriage contracted on the high seas between members of the white and yellow races legal? This question was raised in the suit of Mattie Seki, white, to annul her marriage with Carl Seki, Japanese, declared void. They were married on the high seas off the coast of California in December, 1912. There are three children from the union.

SENATOR OLLIE M. JAMES.

## Sen. Ollie James, Kentucky, Died Today From Chronic Stomach Trouble

BALTIMORE, Md., Aug. 28.—U. S. Senator Ollie M. James, Kentucky, died at 6:35 o'clock this morning at the Johns Hopkins hospital here. For several months the Kentucky senator had been a patient at the hospital suffering from stomach trouble. When he was admitted to the institution it was not believed he was in any imminent danger but his condition became critical several weeks ago. Senator James was confident until his last hours that he would recover.

His wife, Mrs. O. M. James, and brother, Edward K. James, were at the bedside when the senator died.

No definite announcement of the funeral arrangements were to be had but he will probably be buried in the old home cemetery in Kentucky.

W. S. S.—

## KEEP 'EM GUESSING IS BRITISH SYSTEM

By LOWELL MELLETT (United Press Staff Correspondent) WITH THE BRITISH ARMIES IN FRANCE, Aug. 27. (Night).—It is easy to understand why the German staff is confused by the kaleidoscopic events in the constantly changing Somme fighting line which today's new attack north of the Scarpe makes close to fifty miles long.

The British method of "hit and run" with modifications, that is to say, hit and run if the running is good, if not to sit tight or drop back and hit somewhere else, is bound to keep the boche guessing. He often guesses wrong, while the steady forward movement of the line as a whole continues.

Reports of today's battle are confusing enough when reduced to cold print, where things always seem much simpler than they actually are. These reports included the fact that the Canadians had reached the St. Rohart sugar factory, the farthest point eastward along the Cambrai road since the German invasion.

The German defense is stiffening in the region of Croisilles. Our troops got into Vaulx-Vraucourt (four miles southeast of Croisilles and the same distance northeast of Bapaume) and grabbed 150 prisoners, including five officers, before they were forced to withdraw. Others have the same experience south of Bapaume, taking seventy-eight prisoners—in other words, Thillo's fangs have been pulled and its machine guns suppressed.

Deville road (two miles northwest of Comblès) was captured last night with a number of prisoners, was lost and then retaken. Five enemy divisions were identified opposite the wood and machine guns were discovered all over the place. The Germans rushed up a fresh division by train yesterday to the defense of Cheirey (two miles north and east of Croisilles). Two regiments got into action against the Canadians and were almost wiped out. Elements of five German divisions were found in Trones wood (two miles west of Comblès), while elements of sixteen battalions were found on a three-mile front elsewhere. Bandmen, laborers and other miscellaneous troops were found in the front line.

It is rumored orders were found on members of the 8th division directing them to practise rear guard actions. I also heard a story that Germans were concertedly waving handkerchiefs and surrendering in the vicinity of St. Leger (a mile and a half southwest of Croisilles).

The Australians are reported to have practically penetrated a little nameless wood south of the Somme. Malshorn farm, near Inchy (a mile and a half north of Comblès) was taken and the capture of Maricourt (four miles southwest of Comblès) was easy.

Stories of great stores of German munitions captured at Miramont (on the Ancre) being turned against the German line are now also true of British munitions which were captured by the boches last spring. These were recovered at Pozieres and Noyon hill.

The Germans are still endeavoring to stiffen the defense about Bapaume, where the situation is steadily growing worse.

Summed up, it is apparent the Germans are fighting harder, although it still seems to me they are only fighting for time. One of the amazing exploits reported today probably equals anything the well worn Somme fields have ever seen. A youthful airman attacked twelve Fokker planes, which were not disposed to return his fire and fled. Then he fought an inconclusive engagement with a Fokker triplane. To wind it up he was in turn attacked by twenty Fokkers, twelve above and eight below. He hurled his machine into the first, setting it afire. He was wounded but his observer finished the machine last safely.

## GREAT SPORT TO INTRODUCE NEW FLIERS TO ARCHIES

You Never Forget First Trip Over the Line, Says Eddie Rickenbacker

(Copyright 1918, by the United Press.) WITH THE AMERICAN AIRMEN IN FRANCE, July 10.—(By Mail).—Showing the new fliers around before they become gimpers is one of the great outdoor sports among the gimpers of the hat-in-the-ring squadron, according to Lieut. Eddie Rickenbacker, all-American, trained ace and former speed king in the automobile racing world.

"You never forget that first trip over the lines and it takes a good man to stick by an experienced gimper," he continued. "Usually we just take the boys over and go up and down the lines a few times. Of course, the German archies shoot all the time and the first time they come near you feel like zooming it off for home.

"It is not an uncommon thing for the Germans to waste 500 shots on one of us during a trip up and down the sector we cover. So far they have never seriously injured or bothered any of the gimpers. But when the first one you've heard explodes with a grunt near you it's scary, though it may be considerable distance off.

"You think it's gone through your engine or some vital part.

"I remember one chap we took out who has since become used to them. We were not spotted by the Germans until we were over a nest of archies. Then they let us have it, dozens of them on all sides. I kept leading the new man on until one exploded between us. He dived straight down and then went homeward. When last seen he was going south at full speed, forgetting all about our formation. The rest of us went home after finishing the patrol but he had not come back. We began to get worried.

"Forty-eight hours and no word from him. Then a telephone call came in from a city about twenty miles away, saying he was safe and wanted a truck to come after his plane, which was damaged in landing. We asked why he had not called up before and he replied: 'Well, it took me some time to get over shell shock.' We had a good laugh for he was a comical chap and the life of the squadron.

"Another time another gimper and I took up a new man, a little chap who had just come out from school. He did pretty well despite the archies and we were coming home when he suddenly piqued on a plane with our own coquards on the wings.

"It was another of the gimpers. Ordinarily if one gimper wants to pique on another for fun it is all right but for a new man to do it is bad form. So the gimper who was being piqued on said to himself as he reported later, 'You younger, I'll teach you to pique on a gimper.'

"He turned on the new chap who was piquing but who had not fired, and gave him a volley of shots a little to one side of the wings. A good shot can do that without risking hitting the machine coming at him.

"It was a surprise to the new man, who dived straight groundward, flattened out and headed due south. We wondered where he would stop and heard nothing of him for a day. Then a telephone call announced he had landed when his gas gave out, just this side of Switzerland. His version of the story was that three boches had attacked him and had driven him to where he landed. His scare is one of the squadron stories.

"Another of our real gimpers when he first started got into a duel with a plane behind our lines. For half an hour they maneuvered for position and finally our gimper got out between his victim and the sun. He was diving and just ready to shoot when he noticed the American coquards on the machine he piqued at. As he put it, his mouth was watering to let the Boche have it when he saw it was an American. He pulled off and the two planes came down.

"Once on the ground in an aviation field, the two fighters looked at each other. Imagine their surprise on each finding the other an old chum from the south where they had been school-boys together. Neither knew that the other was in France, since they came from different aviation corps and only Providence, that looks after aviators, prevented their shooting each other."

W. S. S.— ADOBE AND ROCKS GOOD HORSE FEED?

SACRAMENTO, Aug. 28.—Misconduct and fraud in the baling of hay has been discovered by Charles G. Johnson, state superintendent of weights and measures, he declared today.

According to Johnson, recent investigations disclosed that in one large shipment of hay, an average of fifty pounds of adobe and rock were found in each bale. In another shipment of hay he said the average weight of adobe and rock was thirty-two pounds.

Johnson has instructed his deputies to devote their efforts toward the elimination of this fraud and to induce the balers to use graded feed tables to prevent dirt, adobe and rocks from getting into the bales.

W. S. S.— UNSUCCESSFUL VOTING MACHINES ARE SOLD

SACRAMENTO, Aug. 28.—Fifty thousand dollars in voting machines was sold to the highest bidder here for \$2186.

The machines, fifty-three practically new and thirteen demonstrating machines, were bought in 1904 and have since been using up valuable storage space. They proved impracticable after two years of use.

## Sweeping Reductions

Our Shoe Department is growing in favor daily.

The people are beginning to appreciate the great values we are offering in good, durable up-to-date footwear. We are headquarters for girls' & boys' school shoes at prices that you can afford to pay.

In advertising our shoes today we wish to call especial attention to a close out at end of season of

1 lot tan Russian Calf Slippers, size 9 to 2 1/2, values \$2.50, per pair ... \$1.39

Boys' Heavy Corduroy Pants, \$2.50 values, on sale at per pair ... \$1.98

Boys' and Little Gents' Outing Shoes, \$2.50 values, per pair ... \$1.75

Boys' School Pants, \$1.25 values at ... 95c

Boys' School Shoes in gun metal, with an all leather McKay sewed sole, \$3.50 values, per pair ... \$2.85

Ladies' \$2.50 Silk Waists, about 18 in the lot, and the latest styles, while the lot lasts ... \$1.89

Men's White Nubuck Lace Oxfords, \$6.00 values, at per pair ... \$2.50

500 yds Amoskeag Apron and Dress Gingham, 45c

1 lot Men's Balbriggan Underwear, shirts and drawers, per garment 50c

and 50c values, this week per yard ... 35c

Boys' Balbriggan Shirts and drawers ... 35c

300 yards Dress Silk, all colors, a good \$2.00 value to close the lot out, per yard ... \$1.45

## KEEL FIRST SHIP TO BE LAID AT NEWPORT IN 4 MONTHS

Plans Completed For \$600,000 Plant, Work Starts In 30 Days

The keel of the first ship to be built by the Pope Shipbuilding corporation at Newport will be laid within four months and work on the plant will start within the next thirty days, according to announcement of the officials of the company in Los Angeles. The company recently purchased thirty acres at the point that will be the head of the channel, lying immediately back of the Newport Garage.

N. H. Beer, general manager of the company, states that plans for the shipbuilding plant have been completed, and call for an expenditure of about \$600,000.

The first vessel to be built will be a concrete cargo-carrying steamer of 5500 tons. The plant when completed will have eight ways, and will be equipped to build concrete, wooden and steel ships.

The corporation has just received from the city of Newport a \$100,000 contract for dredging the channel to a depth of sixteen feet. General Manager Beer built the Prince Rupert Ship Repair and Shipbuilding plant at Prince Rupert, B. C., which is turning out ships for the Canadian government. The plant cost \$2,000,000. Frank Scoville, former president of the First National Bank of Corona, is president of the Pope corporation.

W. S. S.

## TAKE DRASTIC STEPS TO THWART BLOOD MONEY GRAFTERS

No Profiteering Is Slogan of Capital Issues Committee; Hotel Projects Stopped

WASHINGTON, Aug. 28.—Drastic steps have been taken by the capital issues committee of the Treasury Department to thwart profiteering in rentals and in hotel tariffs, it was learned here today. At the same time it was learned measures were under consideration which will check exorbitant profits in other lines by limiting funds which could be commanded.

Resolutions of rates of hotels and apartment houses in half a dozen cities including the national capital, has been refused by the committee because the corporations seeking funds would not submit schedules of prices to be charged. The committee's action has set adrift the construction of one large apartment hotel in New York, one in Washington and a similar project in Chicago. It was stated officially. Numerous small propositions have had to await the war's termination because funds were not available after the capital issues committee was not furnished with rental schedules.

Although no confirmation could be had, it was reported the committee might soon withhold its approval of loans to finance the handling of food-

## SCIENCE IS WONDERFUL; LABORERS IN MOTION!!

VANCOUVER, Aug. 28.—A cameraman of the educational department of a film company met a Revelstoke farmer coming out of a house near where he was taking pictures.

"I've just been taking some motion pictures of life on your farm," he said to the farmer.

"Did you catch any of my laborers in motion?" inquired the old man.

"Sure, I did," was the reply.

The farmer shook his head reflectively as he walked away, saying, "Science is a wonderful thing."

W. S. S.

## WOUNDED GIANT THINKS OF MOTHER

By FRANK J. TAYLOR  
(United Press Staff Correspondent)  
WITH THE AMERICAN TROOPS  
IN LORRAINE, July 31. (By Mail.)—The "Big Fellow" was a horsehoof, and when a shell crashed near his shed, it put him low. They brought him to the hospital and gave him treatment, and found he would be all right, after some time. He was damaged but not beyond repair.

They admired him for his quiet, uncomplaining manner, and for his size. His arm was bigger than most men's legs, and his hand was like a ham. He was a giant, but a gentle giant, and a bashful one, and everyone liked him.

The nurse often tried to do something for him, but he seemed always satisfied when he made no trouble for anyone. Finally she brought him some cigarettes, and some writing paper, and asked if he wanted her to write a letter.

He looked up appreciatively. "Well, I don't smoke," he said, "I don't drink nor chew, and I try not to swear, but I can't help it sometimes. I don't write either, except to one person, and that's my little mother. She's my best girl. If you'll write to her for me, I'll appreciate it, and I'll write when my hand gets better."

The nurse wrote the letter he dictated to her, and it was short, but right to the point. He didn't beat about the bush when he wrote to "his little mother." He told her how much he loved her.

He was quiet and therefore largely unnoticed for the next few days, and his improvement was marked. Everyone was glad to see the "Big Fellow" get well. It seemed all wrong to have a giant wounded.

One day he beamed on his nurse. "Look at that," he said, showing her an envelope. "Got a letter from my best girl. Maybe I'm not tickled."

The letter was from the "Big Fellow's" little mother.

Bounty of 10 cents each for gophers and 25 cents each for muskrats is to be given by the Imperial county supervisors.

## YANKS LAUGH IN FACE OF DEATH OVER THERE

Henry Rohrs Gives Interesting News on Actions of Americans

That the Yanks laugh in the face of death in the battles overseas is verified by Henry Rohrs, Garden Grove boy, who was wounded at the start of the big drive on July 18. Rohrs was raised by Dana Truesdell of Garden Grove, and a letter descriptive of his injuries and his participation in the fight was published in the Register a few days ago. He was wounded in the fleshy part of the hips.

Truesdell has just received another letter from him, in which he writes many things of interest. He is a member of Co. G, 58th infantry, and writes from ward 4, base hospital No. 24, under date of August 3.

This is my sixteenth day of lying face downward. It is very tiresome, for I cannot lie on my sides or back. But I do hope to be up a little in a few days, for I have had the stitches taken out.

As near as I can tell, at one of the hospitals I was in, they took and cut the flesh out down to where the bullet went through, leaving two big cuts you could stick your two big fingers in.

Then I had to be sewed up in about a week after. This gave me great pain, for the cuts, being so wide, were brought together and the stitches had to be taken deep into the flesh and not just at the edge of the skin, so as to hold.

I was unable to sleep nights without taking something to make me sleep—and I was glad to get it. Of course, I was put to sleep, too, when they operated on me.

Doctors and Nurses the Best  
Words cannot express my feelings for the doctors and nurses they have, especially the doctor in my ward, B4, and the nurses. They are the best and they sure carry on their work fine.

The Red Cross is sure great. I have not suffered for the want of anything and all are treated alike, so you see we get the best of care.

I do not know how soon I will get back to my outfit or some other outfit. But I am sure I will see the front again, for I cannot see the end very near.

We are still going ahead with the drive, and I hope they can keep it up. It sure is hell, for I have been through it.

We drove them back six kilometers after a hard fight, before I was wounded. Our captain was killed by a shell and the officer leading our platoon was shell shocked, and another officer leading a platoon in our company was wounded twice. The Germans' losses were heavy. I wrote you several times since being in the hospital, giving a brief account of how we started. If I ever get home, will tell you all about it. Yes, we took lots of prisoners. Some were glad to be taken.

We captured a town, but there was nothing left of it in a little while, for the shells from our artillery and the Germans soon laid every building flat and we had to get out ourselves. We pushed forward.

Americans Face Death Laughing  
I want to write you one, of many things, that happened.

I saw seven Americans, men in my platoon, jump in a shell hole for protection for a few minutes from the German machine guns. They had no sooner got in when a big German shell came and burst a few feet away, throwing dirt and everything in the air fifty feet, I would judge, and almost covering them up. It tore a hole in the ground large enough to bury a big horse. I thought the men were all killed, but a few seconds after the dirt cleared, they came crawling out with a grin on their faces from ear to ear; not in the least bit scared, but all the more ready to help charge the German machine guns.

If they had not been in that old shell hole they would have all been killed without doubt.

I have been covered with clods and hit by things when shells burst near, but was lucky enough not to be hit by shrapnel.

The Germans tried to plant us with their machine guns, but lost out, after wounding me and a few others. It doesn't take long to get onto their backs.

Am very tired now, so will have to close. Wish I could write and tell you all, but there is lots I would not like to have some people know, so will close now.

W. S. S.

## TAKES SMART MAN TO BE SUCCESSFUL CROOK

LOS ANGELES, Aug. 28.—"You're not smart enough to be a crook," Superior Judge Frank R. Willis told Carlos Cornejo, before him to be sentenced. "You've been in jail three or four times, and at last you've broken into the penitentiary. It takes a smart man to be a crook. You'd better go to work."

Cornejo was sentenced under the indeterminate sentence act for burglarizing a room in the Y. M. C. A. He was placed on probation for three years.

W. S. S.

## WOMAN THROWS ROCKS; HAS ACCURATE AIM, TOO

VANCOUVER, B. C., Aug. 28.—A Doukhobor woman of Sunshine Bay has the habit—just the habit—of throwing rocks at strangers. Acquaintances or friends are never bothered. However, she was reported by one of her targets and is now undergoing medical examination.

The man who caused her arrest declared he wouldn't have minded her throwing rocks at him, but for the fact that she possessed such accurate aim.

W. S. S.

PRIVATE HENRY ROHRS of Garden Grove was wounded in the big drive of July 18. He is just a rarin' to get well so he can go back to the front and go after the Huns again.

## WALLACE GASED IN BIG DRIVE JULY 28

Orange Man, Reported As Wounded Sometime Ago, Writes to Mother

Low Wallace of Orange was among the Americans who went up against, and defeated the crack Prussian Guard of the German army on July 28th. Wallace is a brother of Jack Wallace, of the firm of Chandler & Wallace, this city, and was reported wounded recently. He is a member of Co. M, 47th infantry. It develops that he was gassed, but not seriously. Writing to his mother at Orange from Base Hospital No. 3, under date of August 4, he says:

Went into action July 28th and came out extremely lucky; was gassed slightly, but nothing serious, and hope to be out of the hospital soon, as I am feeling pretty good already.

We were in the big American drive which you have been reading about in the papers, and we sure have the Huns on the run. I don't know how much we are permitted to tell about the battle, but I expect you have already read about it, so I will not run the risk of having this letter thrown out by the censor. So will only give a few meager details.

We were in the American sector, known as Chateau-Thierry sector. The Germans put their picked troops against us, the famous Prussian Guards; but they had to give way and run just like the rest of them, for it didn't make any difference to the Americans.

We were hit pretty hard in the way of casualties, but everyone that is left is anxious to get at them again. I will tell you about it when I get home.

Send my mail as usual, for I expect to be out of the hospital long before I would hear from you again.

W. S. S.

## PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Aug. 28.—Nelson M. Prince, aged 97, died yesterday morning at 4 o'clock. He was born June 6, 1832 at North Yarmouth, Maine, and was married in 1856 to Betty Snell, who died in Orange last April. He made his home in Cleveland, Ohio, for a time, moving from there to Wisconsin and then to Concordia, Kan. He came to Orange fourteen years ago.

The deceased leaves one son, Ferd Prince, of 350 North Harwood street.

## IDYLLWILD

A splendid mountain resort in the forests of the San Jacinto mountain in Riverside county and easily accessible by good roads via Hemet.

Everything at the resort is under the personal supervision of the new management, with splendid fishing, hunting, mountain climbing, tennis, dancing, etc., etc. Many improvements have just been made, including the building of 40 tent houses completely furnished.

Reasonable rates at hotel or cottage, including board.

For particulars write to Idyllwild Inc., or phone San Jacinto 8898.

**Idyllwild—Riverside County, California**

four grandchildren and two great-grandchildren. He was a member of the Baptist church.

Two Mexican children suffering from typhoid fever, were forcibly removed from their home by the city health authorities yesterday and placed in the county hospital.

R. Chaves, of North Harwood, is the father of the children. The case was called to the attention of Dr. J. C. Crawford, city health officer, by neighbors. It was found that fourteen people were living in the house, the two children having typhoid fever.

The parents being unwilling to allow the children to be removed that they might receive proper care, the health officer took charge and had the children taken to the hospital.

Mrs. E. Hondale has leased her home on North Glassell street and today moved to Long Beach, where her son, Floyd Hondale, is employed in the ship yards.

George S. Harper has returned from his ranch at Yuma, Ariz. He will spend a short time here with his family.

## HUN SOCIALISTS MUST HAVE TALKS CENSORED

LONDON, Aug. 28.—Members of the German socialist minority are now forced to submit copies of all speeches they intend to deliver to the military authorities.

Two speeches which were to have been delivered by Bernstein Haas recently were suppressed on the ground that they were calculated to show lack of unity in Germany during the present crisis.

## SOCIETY

## RELIEF CORPS DINNER

Chicken and Home Made Biscuits For Friday at the G. A. R. Hall

The Woman's Relief Corps will give a great chicken dinner at G. A. R. hall from 11:30 a. m. to 2 p. m. next Friday, the 30th inst.

Mrs. Cassie Ferguson was appointed chairman of the dinner committee and with her characteristic energy is "making the feathers fly" from something less than fifty fowls for the occasion. There will be "plenty for all" and no one need go away hungry. There will be home-made apple pies, genuine "tea biscuits," mashed potatoes and gravy with chicken, et cetera. The coffee that will be served will be the delicious, golden, aromatic kind that always makes one wish every housekeeper knew how to make good coffee.

Mrs. Ella Wilson, chairman of the executive committee, and her able assistants with Mrs. Ferguson as director general, declare this dinner will be par excellence in every respect and invite the generous patronage of everybody.

## Mrs. Svedman Improving

Mrs. Christina Svedman, who was taken to the Santa Ana hospital very ill on Sunday is improving, and her many friends hope soon to have her among them again.

## Return From Sketching Trip

Miss Evelyn Nunn returned Saturday from holding a summer class of painting in the great Santa Anita Canyon above Sierra Madre, Pomona and Occidental College students and Jean Goodwin and Frances Egge of Santa Ana were among the students. They brought home many interesting pictures of the beautiful scenery.

## Schneil-Clark

Elder E. M. Goodrich of the Reorganized Church of Latter Day Saints, at 1 o'clock yesterday afternoon performed a marriage ceremony at his home, uniting Frank Adam Schneil and Miss Dora James Clark of Los Angeles. The young people both live in Los Angeles, and motored here in the morning. They were very happy to discover in Elder Goodrich an old-time friend of the groom's mother, who lives at 926 South St. Andrews Place, Los Angeles.

## W. S. S.

On account of the death of Mr. S. P. Hamilton, the ladies of the Missionary society of the Spurgeon Memorial church will not hold the tea as planned for the evening of August 28th.

## NEWS IN BRIEF FORM

Mr. and Mrs. George Edgar have received word of the safe arrival of their son, Nelson Edgar, at a port across the sea. Nelson was one of the first Santa Ana boys to volunteer, and was for some time in the motor corps, where he ranked as sergeant. Like many other boys, his biggest ambition was to get "over there," and he secured a transfer to the 160th supply company, sacrificing his rank in order to get to France more quickly.

The Orange Union high school will open Tuesday, September 10, at 9 o'clock. Students may register next week, Tuesday afternoon, Wednesday, Thursday and Friday. A faculty meeting will be held Tuesday morning, September 3, at 10 o'clock.

The first grand ball of the naval reserve training camp at San Pedro is to be given at the main barracks of the camp on the evening of September 11. The purpose of the big ball is to raise funds to purchase instruments for the band. The men will be given general liberty until the following day in order that they may have a good time. The grand march will start at 8:30, and there will be several special stunts to add to the evening. Charlie Chaplin will lead the band and Mme. Maliska Aldrich will sing. Loges containing 12 chairs will be sold for \$20 and the general admission for dancing will be 50 cents per couple, with 25 cents for extra ladies.

Mystery surrounds the finding this morning of a Paige car in a canal at Naples. The car was found in the water this morning, having gone off a bridge some time during the night. Circumstances of the car going into the canal, and whether anyone was killed had not been determined at last reports from investigators.

Nothing has developed to throw light on the point of source of the explosion felt at Capistrano early yesterday morning. At least one family has been found in Santa Ana who felt what they declared to be an earthquake at about the time of the supposed explosion at Capistrano.

## W. S. S.

ROOT AND HERB MEDICINES  
Indian medicine men contend that the roots and herbs of the field furnish a panacea for every ill to which human flesh is heir. Be that as it may, it is interesting to note that the most successful remedy in the world for female ills, Lydia E. Pinkham's Vegetable Compound, was compounded more than forty years ago by Mrs. Lydia E. Pinkham of Lynn, Mass., from the roots and herbs of the field, and today it is recognized from shore to shore as the standard remedy for female ills.—Adv.

## ELECTION RESULTS IN STATE PRIMARY

(CONTINUED FROM PAGE ONE)

620; Woolwine, 208.

For superintendent of public instruction—Hyatt, 3553; Wood, 2489.

Rolph Leads San Francisco  
SAN FRANCISCO, Aug. 28.—Complete unofficial count of the vote in San Francisco in the Republican gubernatorial race between Governor Stephens and Mayor Rolph was announced this morning by Registrar Zemansky as follows:

Rolph 37,427, Stephens 14,429.  
1126 California Precincts  
SAN FRANCISCO, Aug. 28.—Widely scattered returns from 1126 precincts out of 6303 in California early today gave Rolph 31,689; Stephens, 26,908 in the race for the Republican nomination.

Rolph also was leading Henry for the Democratic nomination as the result of a heavy vote in Northern California.

Rolph Slightly Leading  
SAN FRANCISCO, Aug. 28.—Scattered returns from about 900 precincts in California early today showed Mayor Rolph of San Francisco running ahead of Gov. Stephens for the Republican gubernatorial nomination.

These figures gave Rolph 23,351; Stephens, 16,423.

These figures gave few ballots from Southern California. Stephens' stronghold, and it was believed the margin might be reduced with further returns from that section.

Early San Diego Figures  
SAN DIEGO, Aug. 28.—Eighty-one of 221 precincts here give the following:

Republican: Stephens, 1853; Rolph, 991; McGee, 579; Hayes, 209; Bordwell, 140; Fickert, 36.

Democratic: Henry, 825; Rolph, 579; Woolwine, 177.

Rolph managers here conceded the county to Stephens by 2400 today. Henry leads Rolph in the Democratic race.

Riverside for Stephens  
RIVERSIDE, Aug. 28.—Thirty-three complete precincts out of 103 in Riverside county give:

Stephens 1238, Rolph 306, Bordwell 170, Fickert 113, Hayes 93.

Henry 149, Woolwine 146.  
Young 810, Rominger 216, Bred 207.  
For congress:

Capt. Tom P. Kester, Oakpark, Ill.

A Woman's Burdens

are lightened when she turns to the right medicine. If her existence is made gloomy by the chronic weakness, delicate derangements, and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Dr. Pierce's Favorite Prescription. It's a powerful, invigorating tonic and nerve which was discovered and used by an eminent physician for many years, in all cases of "female complaints" and weaknesses. For young girls just entering womanhood; for women at the critical "change of life"; in bearing-down sensations, periodical pains, ulceration, inflammation, and every kindred ailment, the "Favorite Prescription" is the only medicine put up without alcohol—ingredients on wrapper.

If not obtainable at dealers send 10 cents to Doctor Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and he will mail trial package of the tablets.

LOS ANGELES, CAL.—"I suffered from nervous prostration for several years, trying various remedies furnished by the doctor. At last I tried Doctor Pierce's Favorite Prescription together with Dr. Pierce's Golden Medical Discovery at the advice of a friend who had used them and had been cured, and my recovery was prompt and permanent. I cheerfully recommend Dr. Pierce's Medicines."—Rose FAULKNER, 232 So. Grand Avenue.

# WESTMINSTER FEASTS ON VENISON; THREE BUCKS DOWNED

R. E. Larter and Robt. Hazard Learn of Misfortune on Return From Hunting Trip

WESTMINSTER, Aug. 27.—Venison was the order of the day in Westminster Saturday, the hunting party of which R. E. Larter and Robert Hazard were members having reached town at 7:30 that morning after an all-night drive from Camp Nelson, Kern county, in the neighborhood of which they spent the past two weeks. The party composed of Hazard, Larter, the latter's brother-in-law, L. D. West of San Diego, Frank Walker of Bolso and Bert Hoover of Smeltzer, made the trip in the Larter and Hazard machine as far as Camp Nelson, and, leaving them there, packed to a point twelve miles back in the mountains, where they enjoyed hunting and out-of-door living to their hearts' content. Three fine specimen of deer was the reward of these experienced hunters, who returned home more than satisfied with their fortnight's outing.

Misfortune attended both the families of the two local men during their absence, for which they would have been recalled if possible, but no way was available to get word to them. So it proved a great shock to each when informed of the facts upon their arrival here: Mr. Larter of the accident happening to his son-in-law, Oral Hare, shortly after his departure, which necessitated the removal of an eye, and Mr. Hazard of the death of his little nephew, Arthur Hazard.

Mrs. Harry Edwards and children, who are spending a part of the summer hereabout, are guests for the day Friday of Mrs. Mary Pritchard at the Ed Kiefer home.

**Former Pastor Dies**  
Word of the death on Friday of Rev. Fred A. Fields, first pastor of the Westminster Congregational church, has been received by friends here. Rev. Fields had been in failing health for a number of years and had been very low for several weeks prior to his death. The funeral was held on Monday at the residence of the deceased, 239 South Kenwood street, Glendale. Rev. Fields was a popular pastor and leaves many friends in this community who are deeply grieved at his death.

**Will Not Hold Meeting**  
The meeting of the Happy Workers' society, which was to have been held next Wednesday, has been omitted, it is announced. Plans had been laid to spend the day at La Habra as guests of Mrs. Thomas Hosack, who had invited the ladies to her home, she having been a member of the committee whose turn it was to serve, while living here. As Mrs. E. A. Hare, Mrs. O. C. Hare and Mrs. R. E. Larter were on the serving committee, it was decided advisable to omit the meeting altogether, as they have had their hands more than full of work and anxiety since Oral Hare's accident and have not the leisure time to make preparations for the dinner.

**On Way to East**  
Mrs. Horner received a letter on Wednesday from her son, Amos Horner, saying he was then en route to a New Jersey cantonment, having left Port McArthur on Monday. Horner was a member of the coast artillery and was supposed to be transferred, so Mrs. Horner was greatly surprised to hear of the change. She and her daughter, Lenora, were planning on going to San Pedro to see him Sunday. He was at home on Sunday, the week before, leaving the fort on Monday.

**Start Bean Threshing**  
Herman Thompson commenced threshing his fifty-acre crop of beans the latter part of the week, having first threshed several acres for L. E. Rich. Thompson's caterpillar engine is being used to run the threshing.

**O. C. Hare Recovering**  
Mr. and Mrs. O. C. Hare returned home from Los Angeles Friday evening, Sterling Price of Bolso going to the city in his machine for them. Hare, who underwent an operation at the California hospital for the removal of his eye which was penetrated ten days before by a piece of flying steel, is getting along nicely and suffers little pain since the operation. He stood the trip home in fine shape and was glad to get back. "This hospital is all right," he was heard to exclaim upon his return, "for anyone with a weak stomach, it's not for me. I'm hungry as a bear." Hare is having the wound attended to daily by an eye specialist in Santa Ana.

**Injured Soldier Returns**  
Through a recent letter received by friends from Merced, it is learned that George Linn, who is well known here, the family having resided at Westminster several years before going north, has been returned home in a convalescent stage from the army cantonment in New Jersey, where he has been stationed for some time. Linn was injured when a falling object struck him on the head, inflicting wounds of a serious nature. He has been in the hospital since the accident and now has a thorough understanding of his health will permit of his returning to duty.

Mr. and Mrs. Andrew Mefford and daughter, Cora, visited with Mrs. Bessie Kincaid at Newport on Monday. Mrs. Kincaid is an adopted

## BALMY BENNY

I'LL BET YOU GET A LOT OF ENJOYMENT OUT OF SMOKIN' TH' OL' PIPE WHEN THERE ISN'T MUCH GOIN' ON IN TH' TRENCHES, HUH?

WELL LADDIE—

I CANNA SAY THERE'S MUCKLE PLEASURE IN SMOKIN' MA PIPE!

HOW'S THAT?

daughter of Passmore Mefford, brother of Andrew Mefford.

Mrs. Eva Dickey and family received the sad intelligence Friday evening of the death that day in Santa Ana of Mrs. Mary H. Hunt. Mrs. Hunt was the mother of Harry Hunt of Anaheim, brother-in-law of Mrs. Dickey.

M. H. Worley of Redlands paid a flying visit Wednesday at the home of his aunt, Addie L. Blakey, while on his return home from Huntington Beach, where he had that morning taken his sister-in-law, Mrs. E. R. Worley, and daughters, Dorothy and Doris, of Holtville, who will spend a couple of weeks at the beach town. George Vaughan left Sunday for Coalinga, where he will remain of successful in securing the position for which he expected to apply.

## THE MARKETS

## SOLDIER GETS LOTS OF ENJOYMENT OUT OF THE REGISTER

'Good Little Paper' Most Welcome, Writes Pvt. Lee I. Brown at Camp Mills

One of the most welcome things in camp or field is the home paper, and those who are not sending the Register to their soldier boys, should take a tip from the statement of Private Lee I. Brown, who writes from Camp Mills, N. Y., under date of August 16 to his mother, Mrs. Ives L. Brown, of Tus-

tin. "I got the Register of August 7 yesterday," he writes, "so I suppose I will get it regularly after all it sure will be nice if I do. I get lots of enjoyment out of that good little paper, believe me."

Brown is a member of Battery A, 67th regiment, Coast Artillery.

Portions of his letter follow:

We have gotten across the continent at last and we are now in Camp Mills, N. Y. We will not be here very long and then we will be starting on our sea voyage which will take us the rest of the way over. We sure had some trip coming here and we saw parts of twelve different states and part of Canada. We crossed the boundary line at Detroit, Mich., about 11 p. m., so we didn't see much of Canada. We landed in Buffalo, N. Y., the same night. We left Frisco at 11:15 a. m. on Friday, the 9th, and we travelled steadily for six days and nights. We had lots of hot, dry country to go through the first few days. That was through Nevada, Wyoming and Utah. Nebraska was pretty green and lots cooler, as was there on the country was green and the crops looked fine. We sure had lots to look at all right. There was something interesting to look at all day long. Iowa was one state we didn't see much of as we got to Omaha, Neb., about 8 p. m., where we stopped. Then we left Omaha about 9:30 p. m. Went right through Council Bluffs, which is in Iowa just across the Missouri river from Omaha, and next morning at 6 o'clock we were in Clinton, Iowa, right on the extreme eastern side of Iowa. We went clear across the state in one night, and ate breakfast in Illinois. We got to Chicago about noon that day and stayed there for an hour or so and then we started again and we landed in Detroit, Mich., about 8 p. m. The Red Cross there gave us lemonade, ginger bread and fruit, and my how we did enjoy that. It was simply awful hot there and the ice-cold lemonade certainly did touch the right spot. We stayed in Detroit about two and a half hours and saw some of the town and then we pulled out again and went across into Canada and by morning we were in Buffalo, N. Y. We had a wonderful trip across New York state and I think it is the prettiest state we went through. The Red Cross fed us in nearly every town we stopped at, even at Elmira, N. Y., where it was raining to beat everything. Isn't Elmira where Mr. Severly came from? It sure is some pretty little place, believe me. We also stopped in Binghamton, N. Y., where we stayed for about three hours. Here the Red Cross gave us candy and cake and gave us auto rides all over town. I saw pretty near the whole town, and I must say that Binghamton is the prettiest town I ever saw since I left Santa Ana. It's a clean, cool town, with nice large shade trees along every street and it is laid out very prettily. Endicott & Johnson's big shoe factory is there

and it sure is a wonderful concern and they have everything fixed up so their employees can really enjoy working and they also have large athletic parks and gymnasium and swimming pool just especially for their employees. Everything is fixed up just wonderful. This factory is where lots of the government trench shoes are made and they are the very best. We sure won't forget Binghamton for some time. When we pulled out about 10,000 people were at the depot to tell us goodbye and wish us good luck. This kind of treatment is what makes a soldier feel good and proud he is able to do something for his country.

We got to Hoboken, N. J., about 10 a. m. on the 15th and took a ferry and came over to Long Island, where Camp Mills is located. Coming over we got a wonderful view of the tall buildings of New York and the Statue of Liberty, Brooklyn bridge and a general view of the harbor and the East river. Say, but what a city New York is! Skyscraper after skyscraper and few less than twenty stories high and as far as you can see it looks about the same. It is sure a busy place. Everything is done on the run and there seem to be no speed laws at all. I sure hope I can see more of the city before we leave but I hardly think I will get to do so, though.

I suppose you wondered why I did not write more along the way, didn't you? Well, you know our mail was all censored and I couldn't write much or tell you where we were or hardly anything. After this all our mail will be censored and it will be hard to write and say things that will pass. When we start across and after we get over we won't be allowed to write but just so often, I guess, so you can expect to hear from me about once a month sure, and if possible I certainly will write oftener. I want to hear from you folks as often as possible, so write whether you hear from me or not. I will always keep well and take care of myself so please don't worry about me at all as I sure can't feel right when I know you are worrying about me. I will write as often as I can and the letters won't be very small either as there are lots of things to tell about and I love to write to you about them. I suppose it takes at least a month for mail to get home from where I will be so news will all be a month old before you get it or before I get it from you. It will take some time to get used to this system but we will have to sooner or later so we can't help ourselves.

Say, but we were sure tired when we got to camp yesterday. We all slept last night like we were dead. Everybody is feeling worlds better today and we are all busy washing our clothes and checking up our belongings, getting ready to draw more clothes. We will have to wear these little hats that are made of wool and have a point in front or in the back. They are like the Canadian hats, which you have perhaps seen in the movies. Lots of girls wear them, too. I noticed lots of them in Frisco. We also have to wear wrapped leggings. This outfit makes a fellow look like he is a real soldier. And, by the way, I had my hair clipped this morning and sure felt funny. I guess I look funnier. Everybody is doing it though, so I am not the only one. I sure hated to do it but I had to do it so there was no other way. It is much cooler and I don't have any trouble keeping my hair combed now.

Clarence Carter is still with us and I guess we will be in the same regiment as long as we are in the army. He likes the life fine and he sure looks well. This army life makes a fellow strong and healthy and it makes a different man out of a person. We get good eats here and all we want. We never lack variety or appetite so we have little to complain of. Just the same we will sure appreciate home when we get back and as for my part I want to stay home when I get out of here, if I can. We are certainly going to end this war as quickly as we can when we get started so we will be able to come back and stay. We sure will feel like fighting when we get there and we will keep the Huns going until we run them clear across Siberia and into the Pacific ocean.

Write often and always to the address I sent you from Frisco. You can't write too often as there is nothing that cheers me like a letter from home and I am an awful long way from home, too—almost too far to think about it even.

## OPERATIONS FREE TO MEN OF THE DRAFT

SACRAMENTO, Aug. 28.—The Sacramento medical advisory board will take care of all the cases in Sacramento Valley and San Joaquin Valley as far as Fresno of drafted men who require minor operations to make them physically fit, Major Hutton of the adjutant general's office announced today.

Dr. June Harris will supervise all operations and medical work. He will be assisted by the best surgeons in the city.

All operations will be performed without expense to the registrants, the expense being borne by the state.

W. S. S.

## ZOGG CONVICTED ON THREE COUNTS

LOS ANGELES, Aug. 28.—General Nick Senn Zogg today stood convicted on three counts for conspiracy to defeat the draft as a result of his trial before Federal Judge Trippett. Edgecomb Pinchen, accused of being a party to Zogg's plans, was convicted on two counts and Berthold G. Huber, whom Zogg was accused of planning to take to Mexico to avoid army service, was acquitted.

## FAMILY FORMER PASTOR KILLED IN ACCIDENT FRIDAY

Mrs. E. S. Kimmelshue, Two Sons, Friend, Lose Their Lives

The wife and two sons of Rev. E. S. Kimmelshue, a former pastor of the United Presbyterian church of this city, and Mrs. Will Woods, a friend, were killed in an automobile accident near Estes Park, Colo., last Friday. The two sons, Stinson, aged 18, and Robert, aged 11, were killed instantly and Mrs. Kimmelshue and her friend died within a few hours after sustaining their fatal injuries.

Rev. McDougall, of the First Presbyterian church of Tuslin, was a personal friend of the family, and news of the accident is contained in the Daily Review of Monmouth, Ill., received by Rev. McDougall this morning.

Rev. Kimmelshue is pastor of the United Presbyterian church at Monmouth, Ill., but for the past month has been supplying the pulpit at Ft. Collins, Colo. His family were members of a party of Ft. Collins friends who went to Estes Park on a trip. The machine in which they were riding, and which is believed by Rev. McDougall, Stinson was driving, went off a grade on the Estes Park road, a very dangerous one. It rolled down an embankment. The husband of Mrs. Woods was in an automobile following the one that went over the grade.

Rev. Kimmelshue was pastor here in 1904-5 and has many friends aside from the membership of his church who will deeply regret the news of the tragedy by which he has suffered the loss of his entire family.

WESTMINSTER

## FRIENDS GATHER AT FAREWELL SURPRISE FOR MRS. PATTERSON

WESTMINSTER, Aug. 28.—Mrs. Lena Patterson was given a delightful farewell surprise on last Monday by a party of friends who appeared early in the day, bringing a delicious dinner already to cook. Mrs. Patterson was alone and busily picking pears when the machines filled with ladies bore down upon her and to say she was surprised does not begin to express it. The day proved a joyous affair and the kind thoughts expressed by the guests in this pleasant way will be gratefully remembered by Mrs. Patterson while away on the trip she expects to take in a few days. Kodak pictures taken that day will also prove pleasant reminders of the good time spent together.

The members of the surprise party were Mrs. George Ross of Santa Ana and daughters, Mrs. Edmond Hemmerling of Anaheim and Miss Evelyn Ross, Mrs. Ave Ross and daughters, Miss Levena of Bolsa and Mrs. Cecil Combs of Fullerton.

Mrs. Patterson and son Earl had intended leaving next Sunday on their trip to Washington, but they have decided to postpone it until after registration day so Earl can register in this precinct.

Gives Talk on India  
Dr. Maude Allen, a medical missionary who is here from India on furlough, was the speaker at the morning service at the Presbyterian church last Sunday and charmed her hearers with her ready descriptions of life in India and her work there. She will return to India soon. Dr. Allen was the guest while here of Mrs. W. T. Wardle at the manse.

Mrs. H. Hansen has received word of the safe arrival in France of her nephew, Henry Hart, who left from Huntington Park.

Mr. and Mrs. Harry Hazard and children spent several days at the home of their grandmother, Mrs. B. A. Hazard, while on their sad mission here in connection with the death of their little son, Arthur.

Mrs. Lena Patterson was one of a party composed of Mrs. George Ross and daughters, Miss Evelyn of Santa Ana, Mrs. Frank Walker of Bolsa, Mrs. Edna Ross of Tuslin, Mrs. A. Ross and daughter Levena, Mrs. Earl Gardner of Bolsa and Mrs. E. Hemmerling of Anaheim, who drove to Anaheim on Wednesday and surprised Mrs. Cecil Combs. A pleasant time was enjoyed.

Miss Jennie Nau Kervis returned to Santa Ana the first of last week following a week's visit with relatives in this vicinity.

The Japanese ranching J. J. Vogt's place moved another house onto the land they have rented, Monday afternoon.

Mr. and Mrs. John Nankervis have been enjoying a ten-day visit from Mrs. Nankervis' sister and family, Mr. and Mrs. O. W. Clark and three sons of Modesto. The party which motored down, left on the return trip for home Monday morning.

J. O. Harper of Talbert spent Sunday as a guest of Mrs. Lena Patterson and son Earl.

Friends of William House, a pioneer of the Westminster colony of early days, will be sorry to hear that he is very low at his home in Santa Ana and there is little hope for his recovery. Mr. House has been ill for some time.

Mr. and Mrs. Deal of Santa Ana attended services at the Presbyterian church Sunday morning, afterward visiting with relatives here.

Mr. and Mrs. Ray Saylor and children drove over from Long Beach Friday evening to the L. E. Rich home where they were over-night guests. Mrs. Rich accompanied them on their return to the beach Saturday morning, remaining over until Monday.

Harold Price, who enlisted in the Engineer Corps sometime ago, has been called to Los Angeles for a further examination Thursday of this week.

Mr. and Mrs. Morris Terry were Los Angeles visitors on Sunday. Mr. and Mrs. William Davis and son Spencer, who have been guests this past two weeks at the James Kerr home, left Sunday for their home in Los Angeles.

Frank Grandy made a business trip to Los Angeles on Friday. The Orange County Farm Bureau picnic will be held Friday of this week at Orange County Park and all the ranchers of this section are urged to lend their presence for the occasion.

Mrs. Frank Grandy has returned from a visit with her sister, Mrs. McKee and family at Eagle Rock.

Mr. and Mrs. H. B. Anderson, daughter Virginia, and son Howard, drove to Los Angeles Sunday after church to take J. Y. Anderson, who went to attend the funeral of his friend, Rev. F. Fields, at Glendale, on Monday. Mr. and Mrs. Anderson and family returned Sunday evening by way of Artesia where they stopped for a short visit with Mrs. Anderson's brother, Dexter Phillips and family. J. Y. Anderson returned on election day, he being a voter of the Westminster precinct.

W. S. S.

## OVER 300 PRESENT AT SCALY BARK DEMONSTRATION

Growers Advised to Inspect Groves Twice Yearly For Presence of Disease

The Farm Bureau demonstration for the control of scaly bark on citrus trees, at Orange yesterday was very largely attended. Ninety-five autos were counted, with at least three hundred people present. The Farm Advisor introduced Prof. Barrett of the Riverside Citrus Station, and Associate Professor Fawcett.

Prof. Barrett made the introductory explanations and then Prof. Fawcett proceeded to operate upon the scaly bark spots.

He explained that an examination of the trees of an orchard twice during every summer would be likely to show many spots affected. These could then be efficiently treated by cutting out the bark affected and applying Bordeaux paste to the spot.

If allowed to develop two or three years the injury to the tree would be much greater and the degree of control much less.

He distinguished between gummosis and scaly bark, gummosis proceeding always from the base of the tree upward, while scaly bark often attacks the limbs before the trunk.

The subject of the treatment of old wounds left by bad pruning was thoroughly discussed and methods of cure suggested.

The lecture and demonstration began at 2 o'clock and lasted until 4 o'clock, when Professors Barrett and Fawcett were obliged to leave for Whittier.

The audience showed keen interest in both lecture and demonstration and all agreed that they had greatly profited by their attendance.

The value of the work of the Riverside Citrus Station was given emphasis by the occasion. Although they have not yet worked out the subject of scaly bark so as to determine the cause, they have discovered enough to be of great value to citrus growers.

## IMMEDIATE LAW AGAINST BOOZE JUDGE URGES

Thomas Wires to U. S. Senate Outlining Reasons Why Action Is Asked

Today Superior Judge W. H. Thomas joined with hundreds of other people in America in sending telegrams to the United States Senate urging the immediate enactment of a prohibition measure. The wire sent by Thomas to the Senate, to be presented by Senator Hiram W. Johnson, reads as follows:

"Today's press reports indicate bone dry prohibition effective July first next and continuing during war through compromise negotiations probable. It ought to become such immediately. Certainly not later than January first. To talk postponement to a later date to aid the liquor traffic in adjusting financial affairs is to concede that the discussion in Congress for nearly two years coupled with the obvious inevitability of national prohibition has up to date had no apparent effect on the liquor interests. Their house ought to have been in order. The Senate knows this. If this be so, why continue the discussion?"

"While preaching food conservation it is inconceivable that the liquor interests should be permitted to starve some by making others drunk. Conserve grains for bread and beef but not for booze by whatever name. As I see it the change can be made with less jar to the economic machinery of the government now than at any other time in our history."

"Delaying the day of execution is simply granting a new lease of life to the most subtle, ruthless, cruel and damning ally that Germany has in this country. We ought not to permit ourselves at times like these to be carried away by such sophistry as suggested by such conduct that we are forgetting that the pledge of allegiance to flag and country does not stop at 'liberty' but adds 'justice for all.' Justice for all demands the annihilation of the liquor traffic now."

"As was so well said by the National Coal Association, 'The country cannot have both booze and sufficient coal this winter. Nor can the country keep booze in the mining sections now and have enough coal later on.' Mr. Stelzie says, 'Food, labor and life are the chief factors in winning the war—but the liquor men are wasting all three.' Employing but one per cent of the workers in the manufacturing industries, what becomes of the claim of this traffic as to the great factor liquor making in the industrial world?"

"In all this there is just one consideration—the welfare of society as a whole. On this basis Orange County's seventy-five thousand, by overwhelming majority, appeal to you to strike the strongest blow that, in their judgment, can be struck, for the winning of the war, and urge the adoption of the bill, if possible, to take effect immediately, but in no event later than January first next. Now is the time to strike for God, humanity, country and home. Orange County is banking on you. It am believing it will not be disappointed."

W. S. S.

## ALL NERVOUS WOMEN May Benefit By the Remedy Mrs. Little Recommends For Nervousness

Whitman, Mass.—"I suffered from a nervous, rundown condition and loss of strength so it was hard for me to get around and do my work. After other medicines had failed to help me Vinol restored my health and strength and I heartily recommend it to any one suffering from a nervous, rundown condition."—Mrs. R. M. Little.

There is no secret about Vinol. It owes its success to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous body building tonics. We strongly recommend it. Rowley Drug Co. and druggists everywhere.—Adv.

## THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION.—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

Adv.
